

Insurance Submission

The insurance process will begin once your procedure has been completed. There are four entity claims that will be submitted to your insurance on your behalf - surgeon, facility, anesthesia, and pathology. The insurance may take between sixty and ninety days to finalize all four claims, and possibly longer if an appeal is necessary.

With certain insurance plans, you may be issued a check directly which you are obligated to submit to the appropriate entity that it is deemed for (this can be found on the EOB accompanying the check).

You will then receive an invoice from each entity. This invoice will detail the remaining balance for which you are responsible (if any).

Below is the contact information for each entity that submits to your insurance. Please utilize these contacts so that we may assist with the billing process upon receiving your corresponding invoice as there may be additional appeal options available.
